Amnon Vetamar 15/12 Netanya 📍

Creative and passionate UX UI designer with a love for visual storytelling and a knack for crafting engaging designs that communicate effectively. A recent graduate of Studio 6B, I'm excited to bring my artistic flair and fresh perspective to a team that values innovation and collaboration. My experience as an Assistant Manager in a restaurant honed my ability to juggle multiple tasks, lead teams, and meet tight deadlines—skills I now channel into delivering design solutions that are both beautiful and functional
